PROFESSIONAL PROFILE

I am currently a freshman student at Binus University, majoring in Computer Science and studying in Mobile Application Technology department. I have a passion for communication and marketing which is supported by my background when I was working as a salesperson in a small business back in my hometown. I am an ambitious and hardworking student who will. I have a high interest in technological advancement, especially website and mobile development. Currently, I also have a slight interest in design, especially in UI/UX. Moreover, I have involved myself in several extracurricular in school and organizations at university to improve my soft skills.
